

# Torrance Unified School District PowerSchool Parent Account Creation Guide

## Get Started

PowerSchool is the District's new web-based tool providing real-time insights on student grades, schedules, performance, and attendance.

Before you can access your student information, you must create a new parent account (*existing ParentConnect accounts will not work in PowerSchool*). You need to have at least one student Access ID and Password to create an account. You will receive this information in the mail. If you do not have this information, contact your school.

Sample letter you should receive indicating student Access ID and Access Password

To the parents of Barry Anderson:

You may access Barry's current grades and attendance through the internet. You will need the following information to link your child to your PowerSchool Parent Account. You will need to create an account if you do not already have one.

The website address is <https://torrance.powerschool.com>

Barry's Access ID is **ag1parent1**  
His Access Password is **parent**

If you have internet access, you can view the information on your student at any time. Please keep your passwords confidential so that only you can access the information.

Sincerely,

Torrance Unified School District

## Set-up your account (Each parent/guardian may create their own account)

Step 1: Open your Web browser to <https://torrance.powerschool.com>
